

AT15 IRON

AT 15 IRON is a POS solution that combines security and software performance with elegant design. One of its strengths is its aesthetics: the clean and gritty lines, the solid base and the powder-coated metal structure, to ensure greater strength and durability.

The functionality has also been taken care of in every detail: for example, all cables have been covered and the control panel is easy to reach without the use of tools to simplify maintenance activities. A product designed to meet the specific needs of bars, restaurants and shops and that can be enriched with a wide range of accessories, from thermal printer to LCD display for customers, from Bluetooth Wi-Fi support to barcode scanner.

Technical Data

DIMENSIONS AND WEIGHT	W390 L160 H346 mm – 7050 g
MONITOR	Monitor Size: 15.6" Resolution: 1366×768
TOUCH TECNOLOGY	Capacitive
CPU	Rockchip RK 3399 CPU Dual-Core Cortex-A72 1.8 GHz Quad-Core Cortex-A53 1.4 GHz
OPERATING SYSTEM	Android 10
INTERNAL MEMORY	4GB DDR4 RAM 32GB FLASH Memory
EXPANDABLE MEMORY	uSD Card or internal mSata disk slot with M.2 connector

INTERFACES

- 2 RS-232 serial port with RJ45 connector
- 1 24V RJ11 connector for drawer power supply
- 1 Ethernet LAN
- 6 USB device ports (4 USB 3.0 and 2 USB 2.0)
- 1 USB Type-C port

AUDIO

Stereo

CONNECTIVITY

Built-in 2.4 GHz/5 Ghz Wi-Fi and Bluetooth 5.0 module

OPTIONS

- Customer Display
- iButton Dallas Reader
- Magnetic Stripe Reader (MSR)
- NFC Reader
- Integrated 2D barcode reader
