AT15 SLIM

The AT15 Slim POS is a next-generation solution designed to provide retailers and hospitality businesses with a powerful, elegant, and future-ready checkout experience. With its ultra-slim, refined design, this Android POS system is the perfect choice for retail stores, restaurants, cafés and service-based businesses looking to combine operational efficiency with a modern, stylish aesthetic. Its extra-slim frame and lightweight yet durable construction are perfectly suited to elegant and minimalist environments.

- ✓ 15.6" Full HD touch display with high brightness for excellent readability in all lighting conditions and more workspace for sales staff.
- ✓ Smart cable management system for a clutter-free, organised workstation.
- ✓ Powerful octa-core processor delivering high performance and smooth operations, even during peak business hours.
- ✓ Compatible with kitchen printers and peripheral devices, making it a flexible restaurant POS system as well as a retail POS solution.
